10 TRANSCRIPT OF MOTION HEARING
11 BEFORE THE HONORABLE MARILYN L. HUFF
12 UNITED STATES DISTRICT JUDGE

13 APPEARANCES:

14 For the Plaintiff: MICHAEL I. NEIL, ESQ.
15 Neil, Dymott, Frank, McFall
16 & Trexler
1010 Second Avenue, Suite 2500
San Diego, California 92101
(619) 238-1712

17 JOHN NADOLENCO, ESQ.
18 Mayer Brown, LLP
350 South Grand Avenue
25th Floor
19 Los Angeles, California 90071
(213) 229-9500

20 JEFFREY CHINE, ESQ.
21 Luce, Forward, Hamilton &
22 Scripps
600 West Broadway, Suite 2600
23 San Diego, California 92101
(619) 236-1414

24 Proceedings recorded by electronic sound recording;
25 transcript produced by transcription service.

1 APPEARANCES: (Cont'd.)

2 For the Defendants:

DON McGRATH, ESQ.
WALTER CHUNG, ESQ.
1200 Third Avenue, Suite 1100
San Diego, California 92101
(619) 235-5710

5 Transcript ordered by:

DON McGRATH, ESQ.

1 SAN DIEGO, CALIFORNIA FRIDAY, MAY 30, 2008 1:30 PM

2 --oOo--

3 (Call to order of the Court.)

4 THE CLERK: Two on calendar, 08CV926, Blackwater
5 Lodge and Training Center, Inc. versus Broughton, et al. for
6 motion hearing.

7 THE COURT: State your appearances for the record.

8 MR. NEIL: Yes, your Honor. Can you hear me okay
9 speaking up here?

10 THE COURT: Yes.

11 MR. NEIL: Mike Neil for Blackwater, Neil, Dymott,
12 Frank, McFall & Trexler, your Honor.

13 MR. NADOLENCO: John Nadolenco on behalf
14 Blackwater. I'm with the firm Mayer, Brown.

15 MR. CHINE: I'm Jeff Chine with Luce, Forward,
16 Hamilton & Scripps on behalf of Blackwater.

17 THE COURT: Thank you.

18 MR. McGRATH: Don McGrath and Walter Chung on
19 behalf of the City and the other Defendants.

20 THE COURT: Thank you.

21 The parties in the previous case have some
22 technical equipment to take down, so that they wanted to
23 know for their planning purposes, what is your reasonable
24 time estimate for argument?

25 MR. NEIL: Your Honor, I assume it depends upon

1 the questions the Court may have and how much time the Court
2 would allow us, but this should not take long. I think it's
3 been well briefed. Did the Court receive our reply?

4 THE COURT: I did. And I've read it.

5 MR. NEIL: All right. Thank you, your Honor. I
6 think speaking for Blackwater, your Honor, 20 -- 20 minutes
7 on opening. And I'm not sure what the City Attorney might
8 plan.

9 MR. McGRATH: I don't know what they're going to
10 say, so I'll just respond to whatever they say in probably
11 10, 15, your Honor.

12 THE COURT: All right. So if we have them come
13 back in an hour and a half, that would probably work. All
14 right. You may proceed.

15 The Court has reviewed the papers that are
16 submitted. And you may make your argument.

17 MR. NEIL: Thank you, your Honor. I want to step
18 to the podium here. And if I may, your Honor, I requested
19 permission of the Court to bring a recording device, and I'd
20 like to play something. It's a talk from the Mayor of San
21 Diego on the Roger Hedgecock show last night on radio
22 station 600. And I told Mr. McGrath that I intended to play
23 this.

24 And basically -- and I have a transcription of
25 this, your Honor, where the Mayor says in response to a

1 question that Blackwater met all of the permit requirements
2 required.

3 MR. CHUNG: Your Honor, we would object. He's
4 asking to play the recording. Now he's actually telling you
5 what the recording says. We would object. That's hearsay,
6 and it's also prejudicial. If they wanted the mayor to come
7 in to testify about that, they should have made arrangements
8 or got a declaration. But the Mayor has said many things
9 about this situation. So listening to one recording about
10 something he said would be prejudicial as well as hearsay.

11 MR. NEIL: I didn't intend to --

12 THE COURT: Just a second. On hearsay, overruled.
13 On prejudicial, overruled. You may play it.

14 MR. McGRATH: Your Honor, I'd add foundation to
15 that too. I mean, I don't know what this is. I've never
16 seen it. I don't know whose voice I'm going to hear.

17 THE COURT: Do you have a transcript? This is a
18 TRO requested. TROs are on short notice.

19 MR. McGRATH: Yes.

20 THE COURT: And so if you have a transcript that
21 you could give over to the other side, that would be
22 helpful. And if you have one for the Court, that would be
23 helpful. And then you could renew all of your objections.

24 MR. McGRATH: Thank you, your Honor.

25 (Playing audio tape.)

1 MR. NEIL: Your Honor, I'm going to have to have
2 somebody with more technical expertise than I have to turn
3 this recording device on for me. May I ask Mr. Vanderwitt
4 (phonetic) to step forward to do that, please?

5 THE COURT: You may.

6 MR. NADOLENCO: I was going to give it a shot, but
7 that's dangerous.

8 (Playing audio tape.)

9 "Well, first of all, the original
10 decision was ministerial. We get
11 probably 60-, 70,000 permit requests
12 every single year. So if you think the
13 Mayor can know every one of those,
14 that's absolutely ridiculous. When this
15 did come to my attention, I asked just
16 to make sure that it followed the
17 correct guidelines. The City Attorney
18 raised some additional issues. I don't
19 know. I'm not an attorney and
20 unfortunately operate in a world where I
21 don't get legal advice normally. But
22 this will be settled tomorrow. They're
23 going to court tomorrow. The City
24 Attorney will have to present his
25 opinion.

1 "I believe it was properly
2 permitted, so the decision comes down to
3 whether there are any legal issues, and
4 the City Attorney is going to have to
5 take that up tomorrow in court, and the
6 Court is going to make that decision
7 rather quickly so that we can issue the
8 permits if they're legal and lawful.
9 And that's exactly what we'll do."

10 THE COURT: And you have a transcript of that?

11 MR. McGRATH: Your Honor, the transcript given to
12 me did not have the first paragraph of the Mayor saying
13 ministerial. That was not on this.

14 MR. NEIL: And I apologize if it doesn't have that
15 on there, your Honor. We can add that.

16 THE COURT: Well, the benefit of this is we're on
17 recording equipment, so you can get a copy of the tape in I
18 think an inexpensive fashion. I think it's \$25 or some
19 inexpensive request.

20 MR. NEIL: Your Honor, what we have here is an
21 issue that would never have come up, had not for whatever
22 reasons -- and I don't want to get into a political
23 discussion here --

24 THE COURT: Nor does the Court.

25 MR. NEIL: And I appreciate that.

1 THE COURT: I review it on the law.

2 MR. NEIL: But nevertheless, the City Attorney,
3 after Blackwater, through its contractor, had applied for
4 the appropriate permits and had been permitted all the way.
5 We have a firing range down there, your Honor, that's state
6 of the art. I visited it, and I've seen it.

7 We have a mockup which is another separate issue
8 in this case which is basically container crates that are
9 used on board ships that have had some holes cut in them and
10 some port holes and a couple of doors so sailors with
11 plastic pistols can go through there and pretend like
12 they're searching for terrorists, et cetera.

13 THE COURT: But the ship simulator -- that's what
14 I call the ship simulator. That's not really before the
15 Court.

16 MR. NEIL: It's another issue, and I'll keep it
17 out of here, but I'm just trying to point the flavor.

18 THE COURT: It's a side issue as opposed to
19 whether the certificate of occupancy should issue for the
20 present. If there's some other permits or other things that
21 need to happen for the ship simulator, that's a separate
22 issue.

23 MR. NEIL: And I agree with that exactly, your
24 Honor. And I appreciate that. And of course we have office
25 space for teaching sailors. The basic -- basically, this

1 course that we've contracted with the Navy -- and we have a
2 longstanding relationship with the Navy over the years. The
3 same course is offered on the East Coast, but it's much more
4 economical, time-saving sailor's time to offer the course
5 here. It's just basically a self-defense course so sailors
6 on board ships can defend themselves if terrorists attack or
7 the ships are attacked and they can defend the ships and
8 defend themselves, essentially defending our country.

9 The permitting process went extremely smoothly, no
10 problems. If the Court had the opportunity to note that
11 even in the exhibits attached to the Defendant's response to
12 our ex parte request, those exhibits reflect at numerous
13 places that a firing range was anticipated, that this was
14 going to be a training facility.

15 And all permits were granted, and everything was
16 fine up through and including May 16th, when the City
17 Attorney's Office issued a -- if your Honor is looking at
18 the exhibits, I would -- for example, in the reply brief, a
19 response, for example, at Exhibit C -- and this is in the
20 Defendants' opposition, which is a general application form.
21 And this is Exhibit C. It says, "Existing use." It's a big
22 warehouse that's really in a warehouse district. No
23 residences around it. It's in a fairly isolated area. And
24 so it is a warehouse.

25 The proposed -- if you look to the right, it says

1 proposed use, it says training facility. Then underneath
2 that it says, "Project description, add indoor firing
3 range." This was from the very beginning, your Honor. And
4 other applications, other forms filed with the City. And
5 attached to Defendants' opposition, there are references to
6 firing ranges such as C-7, which is a hazardous material
7 questionnaire.

8 Now, this hazardous material questionnaire is
9 dated 2/7/08. Down at the bottom, towards the bottom it
10 says, "Briefly describe business activities." It says,
11 "Training facility for law enforcement." To the right it
12 says, "Briefly describe proposed project. Build firing
13 range." And this repeats itself in other forms filed with
14 the City. Of course the firing range was inspected, looked
15 at. It was approved and permitted, as were the classrooms.

16 Everything was fine until the May 16th memo of the
17 City Attorney in which two issues were raised, one, that a
18 vocational school cannot exist in this Otay Mesa
19 redevelopment area, and number two, that you can't have a
20 firing range without going through a laborious process.
21 It's discretionary, and you have to go through the
22 California Environmental Quality Act procedures, a very long
23 drawn-out procedure.

24 This is the first time this has ever come up.
25 Nobody in the City had ever brought it up. And we have set

1 forth in our points and authorities, your Honor, and cited
2 the Court to, number one, a vocational school is permitted.
3 It's zoned for vocational schools. Vocational schools exist
4 there. And the Municipal Code sections that we have cited
5 set forth that what is allowed in the zone, specifically
6 vocational schools, they are permitted.

7 It should be a nonissue. The vocational schools
8 are permitted in that area because it's zoned for it, and
9 the Municipal Code allows for it.

10 THE COURT: And their opposition doesn't really
11 raise that issue.

12 MR. NEIL: It really -- it really doesn't. I
13 mean, it's referred to, but it really doesn't.

14 The firing range issue has been abandoned. What
15 was raised in the memo of the City Attorney of May 16th is
16 no longer an issue.

17 So what --

18 THE COURT: And I think in your papers you point
19 out two other firing ranges never went through any
20 discretionary review process.

21 MR. NEIL: You know, I find it somewhat ironic
22 too, your Honor. Those of us who live here in San Diego --
23 and I pointed out to one of my colleagues who came down from
24 L.A., right in the heart of our city we have a police firing
25 range. And if anybody is out there in that area during the

1 day, they'd think a gun battle is going on somewhere because
2 of all the shooting. But that's neither here nor there, but
3 it is slightly ironic.

4 Now, we never thought there was anything else
5 remaining after May 16th until suddenly there was a request
6 on or about May 23rd from the City. And I believe it was
7 from the chief building officer -- and that was Ms. Amate --
8 that we needed a permit for the mockup. Okay. We need a
9 permit for the mockup. We didn't get this until May 23rd.
10 We actually applied for it on May 28th and we were rebuffed.
11 They would not accept the plans on that day, two days ago.

12 And Mr. -- our general contractor, who is present
13 here in the courtroom, was down there. He was given the
14 complete runaround, received a phone call that night from
15 Ms. Amate saying, come on back down and turn in the plans
16 again. He'd never had this happen before. They accept
17 plans.

18 And the next day they accepted the plans on a 10-
19 day express passage -- package to get approved within 10
20 days. There will be no problem with getting that approved.
21 Our general contractor has been assured there's nothing in
22 this mockup. It's a kid -- kind of a grown-up kid's mockup.
23 It's a bunch of blocks together, and the only moving
24 parts -- it's not even a simulator. Calling it a simulator
25 almost gives it too much credence as like a flight simulator

1 or something like that, and it's not that. It's just walls
2 and a few doors and a couple of stairwells for sailors to
3 climb up or to walk through.

4 Now, so that was the process. And then after --

5 THE COURT: That's in process. That's in process.

6 MR. NEIL: Yes.

7 THE COURT: That's on track.

8 MR. NEIL: It is.

9 THE COURT: As far as you know. But that's not a
10 deterrent to a certificate of occupancy; is that right?

11 MR. NEIL: That is absolutely our position, your
12 Honor. We have -- as a matter of fact, in Exhibit U, which
13 is attached to our complaint, your Honor, if you're looking
14 down in the lower right-hand corner, a certificate of
15 occupancy was signed on April 30th, '08 by an individual
16 whose name is a little difficult to decipher, but --

17 THE COURT: It kind of looks like Aguirre.

18 MR. NEIL: It did. It actually did. When I first
19 looked at it, your Honor, it actually did.

20 MR. McGRATH: It's the building Aguirre. There's
21 an Aguirre over there also, your Honor.

22 THE COURT: It is -- it is Aguirre.

23 MR. McGRATH: We're everywhere.

24 THE COURT: It looks like Aguirre, but it's -- so
25 it is an Aguirre, but it's a different Aguirre.

1 MR. McGRATH: Yes, your Honor.

2 MR. NEIL: Yes.

3 THE COURT: All right. Thank you. What's his
4 first name?

5 MR. NEIL: I don't know. I saw it in some of the
6 pleadings.

7 Well, then of course, crossing in the mail on May
8 19th, despite our letter of the same date setting forth what
9 we believe to be the correct law and countering the
10 allegations made in the City Attorney's memo of May 16th was
11 the letter from Kelly Broughton (phonetic) saying that our
12 certificate of occupancy would not be issued.

13 I will represent to the Court that it is -- that
14 is nothing more at this point in time than an act that must
15 be performed. That must be performed. Because we have met
16 all of the permitting requirements that we were asked to do
17 up through and including that time.

18 THE COURT: What do you say to -- the City's main
19 response is they're concerned about who is the applicant and
20 whether -- whether the correct people were applying for the
21 permits and other things along that line.

22 MR. NEIL: Well, you know, that's an interesting
23 point, your Honor, because when a warehouse or a home or
24 whatever is going to be remodeled, it's always the general
25 contractor that goes down and gets the permits. And I don't

1 know if your Honor has ever had that wonderful experience of
2 having a home remodeled, but you didn't have to go down
3 there and stand in line. It's the general contractor that
4 has to go down there and go through all the hoops. So
5 that's what went on here.

6 Interestingly, at all times when -- there have
7 been numerous inspections of this site by numerous
8 representatives of the City. Mr. Brian Bonfinglio
9 (phonetic) is here, who is the on-site -- I call him the
10 manager of the site, but he has a more elegant name than
11 that. He wore his Blackwater shirt. He always wears it.
12 There is Blackwater handouts there. There are indications
13 everywhere that this is a Blackwater facility. It was never
14 hidden from anyone.

15 In fact, interestingly, the letter of May 19th
16 from Kelly Broughton is addressed to Blackwater. And it was
17 not a mystery. It was just a process to go through. It's
18 been made much more of for other reasons that we are not
19 going to dwell on here.

20 THE COURT: And this facility has nothing
21 whatsoever to do with the Potrero facility.

22 MR. NEIL: Absolutely.

23 THE COURT: I think in the news, the two get kind
24 of muddled or people get sidetracked on thinking that this
25 has something to do with the other -- this is an indoor

1 firing range in a warehouse.

2 MR. NEIL: That's correct, your Honor. That was a
3 very big project out there, and this is by comparison a very
4 small project.

5 We have, of course, exchanged letters. We had to
6 move expeditiously. I have been in talks with the City
7 Attorney's Office, and I want to compliment Mr. McGrath.
8 He's been very professional in this matter. And we have
9 talked this out.

10 THE COURT: He's been in my court many times.

11 MR. NEIL: All right. In any event, because of
12 the June 2nd contract date with the Navy, which if we are
13 not able to meet that date, we will suffer, Blackwater will
14 suffer, the United States Navy will suffer -- and I would
15 submit, your Honor, I think the security of our nation
16 suffers to some extent when sailors are not trained in the
17 manner that they need to be trained. And the Navy
18 recognizes that, and that's why they reached out to
19 Blackwater to do this.

20 So we had to file this lawsuit. Didn't want to
21 file it. And we had to then ask for the TRO because of the
22 crush of the dates, and here we are.

23 I would like to just briefly address a couple of
24 issues that were I believe raised by the Defendant City.
25 It's interesting -- interestingly, they really haven't

1 raised any of the constitutional -- or opposed our
2 constitutional objections to what they have done because we
3 are on firm ground, and there's no question in my mind that
4 constitutionally we are being deprived of what is
5 essentially our right to go forward with this training on
6 June 2nd pursuant to not only federal law, but the state law
7 that applies.

8 Because the main case on this is this Thompson
9 case that we cited. It says, hey, if you've met all the
10 permitting requirements and the only thing remaining is the
11 occupancy permit, the City has to issue the occupancy
12 permit.

13 THE COURT: There's a Ninth Circuit case Parks
14 that assists in that regard as well. It was on the
15 constitutional grounds. Although maybe one of the things I
16 was thinking of is does the Court really even need -- so one
17 approach is, if you get it under the City, State zoning and
18 permitting laws, do you really need the constitutional issue
19 to be addressed by the Court. But I do think Parks helps
20 you in the Ninth Circuit.

21 MR. NEIL: I do, your Honor. But I would agree, I
22 don't think we need to reach the constitutional issues.
23 It's much more of just a factual matter on what actually
24 occurred here in this case.

25 Now, I will submit that the concern that I saw in

1 the City Attorney's response to our opposition to our TRO
2 request was that we don't have a permit for the mockup.
3 Your Honor, we do not need to use that mockup. As a matter
4 of fact, at this point in time we have it all closed off
5 with sticker tape saying don't enter like a police scene
6 that they don't want anybody to go in.

7 And we're not going to use it. And I'll represent
8 to the Court we will not use it. And if necessary, it has
9 to be a condition to any order that the Court issues. We
10 will fully comply with it, and we will stipulate to it. But
11 we need to go forward otherwise with the training of the
12 sailors on June 2nd.

13 And we believe that we're in the proper forum,
14 your Honor. You certainly have jurisdiction over this case.
15 I think that issue is somewhat frivolous. This is really
16 what the Federal Courts are for. We are an out-of-state
17 corporation coming in here attempting to just conduct
18 business such as any local business would want to do.

19 This is -- perhaps we are perceived by some
20 members of the population as a symbol of something they
21 don't like, but an unpopular entity in some people's eyes is
22 being discriminated against also. This certainly lends
23 another reason why the Federal Court is the proper forum.
24 And there's certainly diversity here.

25 Your Honor, I don't know if the Court has any

1 questions for me. There were other matters that I was going
2 to touch on, but in light of the Court's comments, I might
3 now just simply defer to the City Attorney.

4 THE COURT: You could reserve your time.

5 MR. NEIL: All right.

6 THE COURT: And then we'll hear from Mr. McGrath.

7 MR. NEIL: Thank you, your Honor.

8 MR. McGRATH: Your Honor, the reason I've been so
9 courteous is it's difficult for a simple lieutenant such as
10 myself to face a general in the Marine Corps. And I've
11 tried to be dignified throughout, given that shortcoming I
12 have.

13 Your Honor, we have --

14 THE COURT: But normally you are dignified as
15 well.

16 MR. McGRATH: Thank you. I hope.

17 Your Honor, I listened to Mr. Neil's comments. We
18 totally object to the jurisdiction of this Court. It gets
19 very confusing to go down the permit road and then to go
20 down the Federal Court road. But let me do my best.

21 Blackwater is diverse. Fine. Is Blackwater
22 injured? No. There's no injury to Blackwater by us. We
23 dealt with somebody called Southwest and somebody called
24 Raven. So no jurisdiction. No 1983 injury.

25 THE COURT: What about your own Municipal Code

1 that permits anyone -- all of the entities that applied have
2 the legal right to apply for the permit. San Diego
3 Municipal Code 112.010283.

4 MR. McGRATH: I have no problem. Again, I say,
5 your Honor, that's where you get confused. I get confused.
6 That's for the permit issue. To be in front of you, we've
7 got to have diversity. We've got diversity. We have to
8 have a federal issue. And there is no federal issue in that
9 Blackwater has not been injured. So that's the difference
10 between that and the permit issue.

11 THE COURT: But what if they are going to take
12 over or participate in the training as a lessee or something
13 else?

14 MR. McGRATH: Plead it. They sued everybody on
15 our team. Plead it. Have Southwest be a plaintiff. Have
16 Raven or whoever it is be a plaintiff. Fine by me. But --

17 THE COURT: What about their declarations by --
18 and it's a declaration under oath by Mr. Brian Bonfinglio
19 that says that they are overseeing the location and
20 permitting and approval process for Blackwater San Diego
21 Otay Mesa facility.

22 MR. McGRATH: That's not in their pleading. It's
23 not in their complaint. There's no link to it. Again, the
24 permit is the permit. The federal question is a federal
25 question. Why are we here? And that's what I don't know.

1 This is a State Court issue in your courts, the Federal
2 Courts.

3 THE COURT: Diversity -- you can have State Court
4 issues on diversity that can come in.

5 MR. McGRATH: What's the injury?

6 THE COURT: They say that they're not going to be
7 able to open training.

8 MR. McGRATH: But they is not -- again, that they
9 is not plead in this case. Had they put that name in the
10 pleading -- they just jumped to the conclusion that
11 Blackwater was injured, and yet --

12 THE COURT: But they have it in their declaration
13 as part of the request for a temporary restraining order.

14 MR. McGRATH: Well, that's a good one. Let's go
15 to that, your Honor. The temporary restraining order wants
16 to say that Broughton is hereby enjoined from enforcing his
17 May 19th, 2008 letter, purportedly refusing to issue a
18 certificate of occupancy for the property.

19 This Court doesn't have jurisdiction to issue such
20 an order.

21 THE COURT: Sure I do.

22 MR. McGRATH: No, you don't, your Honor. This is
23 a mandamus procedure.

24 THE COURT: The mandamus -- there's 1983 claims
25 entirely. They don't have to be --

1 MR. McGRATH: Where is the 1983 harm to
2 Blackwater? They say it, but where is it? It's not alleged
3 anywhere.

4 THE COURT: There's -- under Parks. It's a
5 property interest. You're denying them a property interest,
6 and therefore there is 1983 jurisdiction. They're not --
7 they may choose and elect to go through the State Court
8 mandamus process, but they don't -- they do not have to.

9 In certain contexts, the Federal Government has
10 said -- Congress has said in 1983, we require an exhaustion
11 of administrative remedies. Our most common case in that
12 regard are prisoners who are in state facilities that sue,
13 and we require through congressional action some exhaustion
14 of administrative remedies. There's no such requirement in
15 the property interest context.

16 So I think if you look at the Ninth Circuit case
17 of Parks or Park cited in the Plaintiff's papers, I think
18 that addresses any court's concern on the jurisdictional
19 grounds. I do want to look at the complaint, though, on
20 your argument about whether or not they've alleged an
21 injury.

22 MR. McGRATH: Because Southwest and Raven are not
23 mentioned. But if you -- if you choose federal cases, your
24 Honor, the Supreme Court case of Berman vs. Parker, 348 U.S.
25 26 at 32, it says:

1 "In such cases, the legislator, not
2 the judiciary" -- "legislature, not the
3 judiciary, is the main guardian of the
4 public need to be served by social
5 legislation, whether it be Congress
6 legislating concerning the District of
7 Columbia," et cetera.

8 Going down on that same page:

9 "The role of the judiciary, in
10 determining whether that power is being
11 exercised for a public purpose, is an
12 extremely narrow one."

13 Further going down:

14 "We do not sit to determine whether
15 a particular housing project is or is
16 not desirable. The concept of public
17 welfare is broad and inclusive."

18 Your courts, your Honor, the Federal Courts over
19 and over and over say this is an ever expanding area not for
20 judicial -- especially judicial -- federal judicial
21 meddling. We have an excellent process in the State Courts.
22 Even in the State Courts they haven't exhausted their
23 administrative remedies. They're at the very start.

24 They still have this one permit hanging out, and
25 yet they tell us they're going to be a training facility,

1 and there's no -- there's never been a request that I know
2 of, your Honor, for training. There's no permit to train.
3 Because that's a little different ball game. There's got to
4 be exit, egress. There's all sorts of things that occur.

5 THE COURT: Then why did the City in Exhibit U --
6 Mr. Aguirre of the City sign off certificate of occupancy
7 4/30?

8 MR. McGRATH: He's just -- he's a building
9 inspector. He signs off and says, you go ahead and do that
10 if you want within the exercise of your discretion. But
11 that's up to Mr. Broughton and the other folks down at City
12 Hall as to whether that discretion would be exercised.

13 THE COURT: Remember, it's under the -- it's under
14 the label "final inspection."

15 MR. McGRATH: Yeah. He's --

16 THE COURT: So on the other hand, you have them go
17 all the way through the permitting process, make all the
18 necessary repairs, alterations, electrical, everything else,
19 have the final inspection. The final inspector signs off
20 saying there's supposed to be a certificate of occupancy,
21 and then somebody refuses to give it.

22 MR. McGRATH: But he's at a low level. He goes
23 back to the headquarters. They put all those other permits
24 together. Do we have fire escapes. Do we have what we
25 need.

1 Again, Mr. Aguirre -- that Mr. Aguirre -- look at
2 the totality of the square footage in Exhibit U. Five
3 thousand square feet. That's not the whole premises. He's
4 only looking at a very small area.

5 I go to the next point, your Honor, of irreparable
6 harm. There is no irreparable harm. Federal case or legend
7 on this, the best one, Los Angeles Memorial Coliseum
8 Commission vs. National Football League. As you remember,
9 there were a lot of allegations there of irreparable harm.

10 It says:

11 "The court identified the alleged
12 injury to the coliseum in the absence of
13 an injunction as lost revenues due to
14 its failure to acquire an NFL team."

15 And then it goes on:

16 "The temporary loss of income
17 ultimately to be recovered does not
18 usually constitute irreparable injury.
19 The key word is the consideration of
20 irreparable. Mere injuries, however
21 substantial in terms of money, time and
22 energy necessary expended are not
23 enough. The possibility that an
24 adequate compensatory or other
25 corrective relief will be available at a

1 later date in the ordinary course of
2 litigation weighs heavily against a
3 claim of irreparable harm."

4 And here they come to you the day -- you know,
5 last week the man came in for the modular permit, and then
6 they come in and say to you -- they give me 24 hours to
7 brief. It was nice talking to your people from the baseball
8 game yesterday, but I got my brief done and I'm not
9 complaining.

10 THE COURT: What people -- oh, you mean you were
11 at the baseball game. I had tickets, but I was in court.

12 MR. McGRATH: Well, I didn't come with mustard on
13 me. I've made that mistake. But anyway --

14 THE COURT: Well, let me just explain on that. We
15 were originally set for Monday because we had a criminal
16 trial on Tuesday. And then our trial here turned out
17 that -- we had been in trial a long time. That one ended up
18 finishing so that we thought we could -- on a Monday, it's
19 just -- we've got a lot of cases going on Monday. So I
20 thought we would give you the whole afternoon if you needed
21 to.

22 MR. McGRATH: No problem. I had my paperwork all
23 ready to go in the 24-hour period anyway. I think we did a
24 good job on that.

25 THE COURT: And Mr. Chung helped you.

1 MR. McGRATH: He probably did.

2 MR. CHUNG: Mostly Mr. McGrath, your Honor.

3 MR. McGRATH: Ever so slightly.

4 To go on in the Coliseum case, it says:

5 "The amended complaint alleged that
6 without injunctive relief, the
7 Commission would suffer a diminution of
8 revenues, a diminution of the market
9 value of plaintiff's property and the
10 loss of substantial goodwill normally
11 attached to a profitable enterprise. In
12 support of its motion, the Commission
13 argued that without a preliminary
14 injunction, it would be unable to enter
15 into a lease agreement, begin
16 renovations, obtain financing,
17 renovations or respond to the Raiders'
18 alleged demand for a nonrefundable
19 advance. All of these are but monetary
20 injuries which could be remedied."

21 And I was saying before I commented on the
22 baseball, Mr. Neil is the one that's telling you now that
23 June 2nd or whatever it is is the date. That's a self-
24 imposed date. Regardless of what he says it is or isn't,
25 it's still only money. There's no -- no damage here that's

1 irreparable for an injunction.

2 THE COURT: You don't buy this training public
3 interest argument?

4 MR. McGRATH: No. Sorry. I will tell you what
5 I'd buy. If they had done it right and said, we're
6 Blackwater. We're here to train these guys who
7 unfortunately let the Stark (phonetic) get blown up because
8 they didn't know how to use rifles and so forth, which is a
9 great idea, and we're here and we're going to do it out in
10 Otay Mesa and we're going to have a pistol range and we're
11 going to have them crawling up ships so they don't trip and
12 shoot themselves -- which when I was in the Army, we learned
13 to do that, but they don't teach that in the Navy, so they
14 hire Blackwater.

15 Fine and dandy. Say what you're here for. Don't
16 tell me you're Southwest when there's a Southwestern school
17 next door that has a similar program. Don't tell me you're
18 Raven, which is nowhere in any of the pleadings.

19 THE COURT: But isn't it very common for
20 contractors to come in on a facility? That's very common.

21 MR. McGRATH: I say this whole process flunks the
22 smell test. When you sit and take the time to go through
23 each one of these permits that are kind of disjointed and --

24 THE COURT: Are we picking and choosing because
25 you don't like the name of Blackwater?

1 MR. McGRATH: No, we're not.

2 THE COURT: If that is the case --

3 MR. McGRATH: That is not the issue.

4 THE COURT: So you love Blackwater.

5 MR. McGRATH: I love Blackwater.

6 THE COURT: Okay. So the fact that it's
7 Blackwater applying for this has nothing to do with the
8 denial of the certificate of occupancy?

9 MR. McGRATH: No. No. It's the totality of the
10 circumstances of what is going on out in Otay.

11 THE COURT: So are you saying that every -- every
12 permit has to be in the name of the ultimate end user?

13 MR. McGRATH: No, it does not. But the whole
14 setup could have been applied for together. They do --

15 THE COURT: But they don't have -- you mean --
16 you're saying the simulator and everything else?

17 MR. McGRATH: They did -- first they did, can we
18 put up some walls and so forth. Then they did, can we have
19 a shooting range. And now they put in for a simulator which
20 they call a ride. It's not a ride. You know, tell us why
21 you're here.

22 That's why this red flag came up. Wait a minute.
23 Overall, each little individual permit may have been okay
24 per the little inspectors that get out there and do their
25 best and knock on the walls and so forth. But when you put

1 it all together, we're talking major baseball league --
2 major league training out there, your Honor.

3 THE COURT: In an indoor warehouse facility in
4 the --

5 MR. McGRATH: With a climbing up --

6 THE COURT: -- middle of Otay Mesa.

7 MR. McGRATH: Climbing up a ship built -- which
8 they build out there. It's fairly substantial. It looks
9 just like the ship. It looks like --

10 THE COURT: But it's indoors, isn't it?

11 MR. McGRATH: Yeah, but it's a ship bulkhead. And
12 there's a lot of classrooms around. There's a -- you know,
13 there's training going on. That issue, that particular
14 thing was not applied for. There was never any application
15 for a training facility. Never was.

16 Mr. Neil says it's a vocational institute. Again,
17 another -- if it is, tell us it is. Tell us --

18 THE COURT: But it's zoned that way.

19 MR. McGRATH: If it's zoned for a hotel, you've
20 still got to tell us you've building a hotel before you
21 build one. You're supposed to come down and say what
22 you're -- Hyatt can't just go out tomorrow and start
23 whamming nails in because it says they're going to have a
24 hotel out there. That's our point.

25 Let me go on, your Honor. The discretion issue

1 under California law. It's called Lindel vs. Board of
2 Permit Appeals (phonetic), 23 Cal.2d 303. They can't compel
3 Broughton to act. They just can't do it through the TRO
4 process. It doesn't work that way.

5 THE COURT: Maybe they want to risk contempt.

6 MR. McGRATH: Say what?

7 THE COURT: Maybe Broughton wants to risk
8 contempt. I mean, that's your alternative.

9 MR. McGRATH: I missed it. Risk what?

10 THE COURT: Contempt or a stay, absent a stay. I
11 mean, how can you say you can't compel?

12 MR. McGRATH: Well, I'll just read you what the
13 case says at page 315:

14 "It is general rule that a writ of
15 mandamus may not be employed to compel a
16 public administrative agency possessing
17 discretionary power to act in a
18 particular manner."

19 THE COURT: Okay. But doesn't that beg the
20 question, is this discretionary review or is it ministerial
21 review of the --

22 MR. McGRATH: And it's discretionary now. As
23 Broughton's memo says, once he looked at everything, his
24 discretion came into play. What they check off -- they put
25 the word "ministerial" in when they do their walls and their

1 electrical and that sort of thing.

2 THE COURT: When there was the indoor firing range
3 on Morena next to a -- and I think there was a trailer park
4 and there was a paint store, did they do a discretionary
5 review process or a ministerial review process? I don't
6 think they did the discretionary review level three.

7 MR. McGRATH: I wasn't there.

8 THE COURT: Well, they cited it in their papers.

9 MR. McGRATH: I don't know what happened there,
10 but --

11 THE COURT: Well, have you asked your -- the rest
12 of the folks at the City Attorney about what happened on the
13 other firing range. So we look at comparable firing ranges,
14 what happened there. They cite in their papers that they
15 weren't made to go through any discretionary review process.

16 MR. McGRATH: But it's not just the firing range.
17 It's the firing range which are put next to the classrooms,
18 put next to the ladders and the -- you actually have a
19 bulkhead, you know, like the Navy does that you have to step
20 over. And you climb these ladders to be sure you don't, you
21 know, incorrectly use your weapon or catch it on a button
22 and make it fire. It's that whole concept of the training
23 that is not described. It's little bits and pieces of
24 permits.

25 So Broughton came along, and when he looked at the

1 whole picture said, in my discretion, I've got to look at
2 this. I want to stop it for now. And that's what he did.
3 The case I just cited again goes on to say:

4 "The Court may not substitute its
5 discretion for the discretion properly
6 vested in the administrative agency."

7 And that was again, your Honor, Lindel vs. Board
8 of Permit Appeals, 23 Cal.2d 303.

9 So you can't compel Broughton to act, and you
10 can't substitute your Honor's thought process for his.
11 That's his job. He's the guy that does discretion.

12 Going on, your Honor, in Burnham Prairie Homes,
13 Incorporated vs. Burnham -- New Burnham Prairie Homes vs.
14 The Village of Burnham, 910 F.2d 1474:

15 "Land owners and developers could
16 not assert procedural due process claim
17 under 1983 arising out of a denial of a
18 building permit inasmuch as Illinois law
19 provided unsuccessful applicants for
20 building permits with sufficient state
21 remedy to cure the sort of random and
22 unauthorized denial of which the
23 developer and the land owners now
24 complained."

25 And that's where I got my 1983. I haven't seen

1 your case that you cited, but that's where I picked it up.

2 THE COURT: In Parks vs. Watson, 713 F.2d 646,
3 Ninth Circuit 1993:

4 "The Oregon statute specified that
5 in ruling on a particular petition, the
6 agency shall determine three issues and
7 if those three matters were determined
8 in favor of the petition, the governing
9 body shall grant the petition. In other
10 words, once the conditions are met, the
11 City lacks discretionary powers."

12 Parks, 716 F.2d at 657.

13 So if the petitioner met the conditions, but was
14 denied the petition, the court there held that the
15 petitioner could bring a due process claim under 42 United
16 States Code Section 1983.

17 MR. McGRATH: Factually, I don't know that case,
18 that it had as many permits as we did, as many inspections,
19 as many different things being requested over time.

20 THE COURT: Can you give me any of the City
21 inspections where they were denied?

22 MR. McGRATH: Who?

23 THE COURT: Your own City inspectors going through
24 final inspection where they said, no, something is missing.

25 MR. McGRATH: No, because they did it piecemeal.

1 They didn't ever do the training facility. They told us
2 they were -- what was it -- warehouse use, no change.
3 Warehouse use, no change. How many times do you see that,
4 your Honor, in those --

5 THE COURT: But that's not correct. It says
6 training facility.

7 MR. McGRATH: At the very end they use that word
8 for the first time.

9 THE COURT: I think it's in March.

10 MR. McGRATH: But early on --

11 THE COURT: That's not the very end. And then
12 after that, you still have the sign-off of your building
13 inspector.

14 MR. McGRATH: Again, Raven and so forth that were
15 doing electrical, drywall, et cetera, no change, no change,
16 no change. Now we have a total change. And again, I have a
17 hard time with Mr. Neil's statement that they don't care,
18 they just want a firing range. Well, that's not at all in
19 compliance with the contract with the Navy. The Navy wants
20 them to train these young people how to walk with a weapon
21 up a ladder and not hurt himself or herself.

22 How to shoot is very important. And their range
23 will take care of that part. But the next step of the Navy
24 contracts that they have here and back east are the overall
25 process. So I question that, why he would say that's good

1 enough. But if he says it, he says it.

2 I go on, your Honor, with more federal law. In
3 Santa Fe Land Improvement Company, United States Court of
4 Appeals, Ninth Circuit, vs. City of Chula Vista, 596 F.2d
5 838. The court in that case says:

6 "The complaint touches on a
7 sensitive area of social policy upon
8 which the Federal Courts ought not to
9 enter unless no alternative to its
10 adjudication is open."

11 And that's at 839 of that decision.

12 Going on on the same page:

13 "In Sedercrest (phonetic) and
14 Rancho Palos Verdes, we stated that land
15 use planning is today a sensitive area
16 of social policy, meeting the first
17 Canton requirement.

18 The Canton case that cited how that's --

19 THE COURT: So your social policy concern is the
20 Federal Government contracting out with an outside entity to
21 provide training for sailors, and you're opposed to that on
22 public policy grounds?

23 MR. McGRATH: No. I do not -- you won't get me to
24 say I'm opposed to that at all.

25 THE COURT: So what is this --

1 MR. McGRATH: I'm saying the social policy is the
2 issuing of permits, the normal day-to-day business that
3 cities do, not federal judges.

4 THE COURT: Now, that -- that is -- I understand
5 that typically the Court would not get involved in
6 permitting issues, nor would the Court say every time some
7 homeowner is denied a permit would I envision that they can
8 run down to Federal Court and get a TRO. So I understand
9 your point in that regard.

10 But in this case, I think that the Plaintiff may
11 have shown that they have complied with the City permitting.
12 So this is why I'm asking you, show me where they haven't.
13 You've brought up the simulator, and that may be one issue
14 that we could address, but what other thing have they not
15 done?

16 MR. McGRATH: They haven't put the whole thing
17 together. They've just got little pieces of that warehouse.
18 Mr. Aguirre --

19 THE COURT: Where does it say that you have to put
20 it all together?

21 MR. McGRATH: Mr. Aguirre does 5,000 square feet.
22 It's a 50,000-square-foot --

23 THE COURT: Okay. But there are other permits as
24 well. I mean, there are other sign-offs as well.

25 MR. McGRATH: Well, the -- Raven, whoever they

1 are, did drywall and something else, electric, I think.

2 THE COURT: Footings, masonry, roof, drywall --

3 MR. McGRATH: Does that say for training? Does it
4 say for, you know -- I don't think so. They don't ever give
5 us the big picture of what they're there for. We need to
6 then look at -- training means lots of bodies. You can have
7 a shooting range and there's nobody in it. But we're
8 talking about being sure there's fire exits and OSHA and --
9 you know, I won't go so far as to say disabled and so forth
10 with the bulkhead at issue, but there are things that need
11 to be checked off on the totality of this request. That's
12 where we're coming from, your Honor.

13 THE COURT: The application says training
14 enterprises. Why would you not think that -- that's the
15 first application.

16 MR. McGRATH: But where -- where is that on?
17 Which application do you have that on, your Honor?

18 THE COURT: 9/5/07, application for tenant
19 improvements by Southwest Law Enforcement Training
20 Enterprises.

21 MR. McGRATH: That's the first time they've put
22 that in there. Before it was always warehouse, no change.
23 That's Raven.

24 Your Honor, I go on to say --

25 THE COURT: So what about the -- so with the

1 general -- so if you look at the documents, the general one
2 dated -- here's one, general 3/15/08. But the hazardous
3 materials questionnaire dated way back 9/5/07 says, "Storage
4 of ammo, law enforcement training."

5 MR. McGRATH: Is this law enforcement?

6 THE COURT: Then February 7th, the electrical and
7 T.I. was all approved. "Training facility at indoor firing
8 range." So how could the City -- and that's dated -- it's
9 your -- it's on my -- if you're looking at my documents, the
10 top header. I don't know if you have this, but on -- it's
11 page 18 of 26, Exhibit C. And these are, I believe, from
12 you.

13 MR. McGRATH: Their Exhibit C to their motion or
14 their complaint?

15 MR. NEIL: It's your -- it's the declaration of
16 Amate I believe you're referring to, your Honor.

17 THE COURT: The general application. Training --
18 it says, "Proposed use, training facility."

19 MR. NEIL: Yes.

20 THE COURT: So your main point is the Federal
21 Government should not get involved in issuing building
22 permits.

23 MR. McGRATH: You bet. And also, there's a -- we
24 have a tremendous system there that hasn't even started to
25 be touched with -- you know, the end result is mandamus. I

1 think, you know, if I could predict something -- and I don't
2 know that I'm good at that, but this goes to planning.
3 Planning gets to look at it. Planning says fine, it's done.
4 Or if planning says no, then it would go to the City
5 Council, and the issue would be brought to the Council's
6 attention in full form. If planning didn't rule such as
7 there would be an appeal -- full appeal to Council.

8 And that is my point. There's no 1983. There's
9 no federal claim at all. There's a company, Blackwater, who
10 doesn't live here, but they don't have any injury. That's
11 my point. They're good on their permit part of Blackwater,
12 but they're not good on the Federal Court.

13 So they're not constitutionally injured. I mean,
14 why do we have State Courts if you can just come over here
15 every time something doesn't go too well for you.

16 THE COURT: Diversity.

17 MR. McGRATH: Ahh, but diversity with injury.

18 THE COURT: You have to be out of state.

19 MR. McGRATH: And irreparable harm. Money.

20 Money. Money is not irreparable harm.

21 THE COURT: All right. Thank you.

22 MR. McGRATH: Thank you, your Honor.

23 THE COURT: Let me ask Mr. Neil, can you get out
24 the complaint and say where is there the nexus between
25 Blackwater and the injury or Blackwater and Raven

1 Development Group.

2 MR. NEIL: Yes, your Honor. Thank you.

3 In the complaint, your Honor, we start at -- we
4 describe who Blackwater is starting at paragraph 19, page
5 six, and discussing Blackwater's contract with the United
6 States Navy. And then over at -- starting at paragraph 25,
7 we discussed the site that was chosen. And then at
8 paragraph 26 it says, "Initially, Blackwater hoped to work
9 with Southwest Law Enforcement Training Enterprises. This
10 was a contractor that we hoped to work with." And initially
11 Southwest Law Enforcement Training Enterprises, who I'll
12 represent to the Court is someone that Blackwater has worked
13 with in the past, and they're a good outfit, and they're
14 involved with training also. But that -- they could never
15 reach a final agreement as to how the work was to be shared
16 and how it was to be done.

17 And at paragraph 30 of the complaint, page nine,
18 Blackwater -- it describes Blackwater's affiliate, Raven
19 Development Group. And by the way, Raven Development Group,
20 your Honor, was the same -- was involved in the Potrero
21 project and is a well known entity. And this specializes --
22 Raven Development specializes in the creation of training
23 facilities, and they assisted Blackwater with its
24 construction of and preparations for the Otay Mesa facility.
25 That's described in paragraph 30.

1 And then it goes on to paragraph 31 to talk about
2 Blackwater being required to do certain things, et cetera.
3 That, I believe, describes the nexus between Southwest,
4 Raven and Blackwater. Raven and Southwest were essentially
5 acting as a contractor for Blackwater.

6 And as the Court has already pointed out, this
7 never was a mystery to the City because even the Mayor --
8 what was the exhibit number of the Mayor -- there was a memo
9 from the Mayor that the -- there's a memo dated, I believe,
10 May 5th from the Mayor that describes Blackwater. Then, of
11 course -- Exhibit F. The Mayor was aware that this facility
12 was going to be operated by Blackwater.

13 And Mr. Aguirre addresses Blackwater in his May
14 16th memo. And of course, Kelly Broughton in her letter
15 back addresses Blackwater and --

16 MR. NADOLLENCO: He. He's a he.

17 MR. NEIL: I mean he. I'm sorry about that. My
18 apologies.

19 In any event, this was not a mystery. I'm not
20 sure if that satisfies the Court's questions in that regard,
21 but let me just hit on a couple of other points, and then
22 I'm going to sit down, your Honor, unless your Honor has
23 some questions for me.

24 The issue about no injury, the Ninth Circuit has
25 decided that the loss of money, of course, is an injury.

1 And I don't think that needs to be beat to death. We don't
2 want to have to get into the business of suing the City. I
3 think the last thing the City of San Diego needs right now
4 is another lawsuit for a lot of money that's lost on a
5 contract. Nobody wants to go there.

6 And Blackwater stands to lose this contract and
7 lose a considerable amount of money, as well as the Navy and
8 our sailors, our fighting men and women losing the training
9 that they deserve.

10 Now, in all deference to my opposing counsel's
11 argument upon the issue of the Court not being able to
12 interfere in discretionary duties of the City, we would
13 agree with that. And the cases he cited all had to do with
14 discretionary duties of the City. And we're talking about a
15 ministerial -- a ministerial duty. And the case law is
16 clear on that. This is not a matter of discretion at this
17 point in time. The case is clear. And the cases that
18 counsel is citing did not deal with this discretionary issue
19 that we're talking about.

20 THE COURT: Other than -- other than the
21 simulator, is there any other permit that you're lacking?

22 MR. NEIL: No. No. We're completely permitted.

23 THE COURT: And you have complete approval from
24 all of the --

25 MR. NEIL: Yes.

1 THE COURT: -- all of the inspectors?

2 MR. NEIL: Yes.

3 THE COURT: And so you're saying that the head
4 development services person doesn't have discretion to then
5 nevertheless say, even though you have these approvals, I'm
6 not going to issue a permit without going through to the
7 City Council?

8 MR. NEIL: Yes. And I think Thompson makes that
9 clear, your Honor.

10 Your Honor, I would cite the Court also to --
11 there's the declaration of Ms. Amate at, for example, the
12 last exhibit before Exhibit B at the top. This is the
13 City's form. If you look up there at the top left, it says,
14 "Project type." It says, "Ministerial." Do you see where
15 it's typed in that box?

16 THE COURT: Show me. This is Exhibit C?

17 MR. NEIL: This actually is Exhibit A, but it's
18 the last exhibit in Exhibit A right before Exhibit B. There
19 was a number of exhibits under Exhibit A. But it's the very
20 last one. It's kind of a block form, a computer type form.

21 THE COURT: In Ms. Amate's declaration?

22 MR. NEIL: Yes, your Honor.

23 THE COURT: Let me first find that. Okay. I've
24 got that.

25 MR. McGRATH: Does it have an exhibit number on

1 it?

2 MR. NEIL: Yes. It doesn't have a separate page
3 number on it.

4 THE COURT: My pages are numbered. Are your pages
5 numbered at the very top or not? Pardon me?

6 MR. NADOLLENCO: A-9.

7 MR. NEIL: Okay. It's A-9? I'll accept that. I
8 can't read it on my copy. But if the Court has that, up in
9 the left-hand corner, there's a box that says, "Project
10 type," and typed in there by the City is the word
11 "ministerial."

12 THE COURT: Can you approach my clerk --

13 MR. NEIL: Yes, your Honor, if I may.

14 THE COURT: -- and just -- and then I'll see where
15 we are.

16 MR. NEIL: This is the one on -- your Honor, that
17 also says "Storage of ammo" on it. In the upper left-hand
18 corner it says "ministerial."

19 THE COURT: Okay.

20 MR. NEIL: And there's one more, if I may just
21 remain here, your Honor. And maybe counsel can help me.
22 This is Exhibit B-5. It's the last exhibit before C.

23 THE COURT: First on the -- oh, I see where it
24 says, "Project type, ministerial."

25 MR. NEIL: Yes. And the same wording up here,

1 your Honor, on Exhibit B-5 in Ms. Amate's declaration on a
2 separate form. Same format, but up in the upper left-hand
3 corner it again says "ministerial." "Project type,
4 ministerial."

5 THE COURT: Thank you.

6 MR. NEIL: Your Honor, the Municipal Code Section
7 129.0114 which deals with issuance of a certificate of
8 occupancy states that:

9 "The building officials shall
10 inspect the structure, and if the
11 building official finds no violations of
12 the Land Development Code or other
13 regulations that are enforced by the
14 City's designated code enforcement
15 officials, the building officials shall
16 issue a certificate of occupancy."

17 This shows the legal effect of the signature of
18 the inspector who signed off on Exhibit U attached to our
19 complaint, your Honor.

20 Now, having said all of this, your Honor, we feel
21 that this -- well, obviously, Blackwater has a vested
22 interest. And speaking for myself at this time in our
23 country's history, we are not talking about anything of an
24 offensive nature. Blackwater is not involved down at Otay
25 Mesa in teaching how to invade another country or anything

1 else. We are simply in the self-defense business and
2 teaching our men and women, sailors of our armed forces how
3 to protect themselves and protect our ships.

4 There is some urgency to this. The USS Kohl was
5 bombed and 17 lives were lost in part perhaps to the fact
6 that the sailors were not properly trained. And at least
7 the United States Navy believes that their sailors need to
8 be further trained in self defense, and they think enough of
9 Blackwater to hire Blackwater to carry out this mission to
10 help save lives. And that's really bottom line what we're
11 talking about.

12 And I would ask the Court to comply with our
13 request and to issue the temporary restraining order as
14 requested and allow us to begin our training of the United
15 States Navy sailors on June 2nd, as we have been contracted
16 to do and that the Navy expects us to do.

17 THE COURT: Could you address the amount of a
18 bond.

19 MR. NEIL: You know, I've never had to do this,
20 your Honor. Again, quite honestly. I've heard this brought
21 up a little bit, and I almost have to ask one of my co-
22 counsel here what I think --

23 THE COURT: You may. You may. Would you like one
24 of your co-counsels to address the amount of the bond?

25 MR. NEIL: Well, I think if he would like to do

1 so, he is more than welcome to get up here and talk about
2 that.

3 MR. NADOLENCO: I would, your Honor. John
4 Nadolenco.

5 Here there is no harm. There is no potential
6 damage to the City. They don't even claim otherwise in
7 their paper. We've made that point in the balance of the
8 hardships argument. So there's a good argument that a bond
9 is not needed at all whatsoever. However, if the Court is
10 inclined to impose one, it should be in a modest amount of
11 \$250 we put in the proposed order.

12 THE COURT: Thank you.

13 Mr. McGrath, any response on the issue of the
14 bond?

15 MR. McGRATH: Yes, your Honor. I would like to
16 quickly respond to what Mr. Neil did. Everything he did
17 with Amate, B-7, B-9, et cetera, where it says
18 "ministerial," those were partitions and electrical work,
19 which is ministerial.

20 The key in this case is the Exhibit D to their
21 complaint, the letter from Kelly Broughton to Brian
22 Bonfinglio, who I met and is a fine former Marine or still a
23 Marine. Always a Marine. He says:

24 "As outlined in the attached

25 opinion from the City Attorney's Office,

1 no certificate of occupancy will be
2 issued until the appropriate
3 discretionary process associated with
4 the use of firearms and City limits and
5 determination of use for vocational
6 trade school by the Planning Commission
7 has been completed."

8 Again, tying it all together, firearms school.
9 That process has yet to be completed. And that should stop
10 it all. We've got a fine system over there. I don't think
11 they're going to see the end of the world from our system.
12 I do think it's a bad precedent for this Court to get
13 involved in State Court issues.

14 I have had a chance to look at their statement of
15 what Parks said. In Parks, they did all their permits.
16 They were all done. Everything was fine. We say they're
17 not through yet as to what the totality of what they want,
18 training facility with guns. Thank you, your Honor.

19 THE COURT: Thank you.

20 MR. McGRATH: And the bond should be at least 5
21 million. We're going to get sued by everybody in that
22 neighborhood out there if we don't do it correctly.

23 THE COURT: All right. Thank you.

24 Before the Court is the issuance of a temporary
25 restraining order. The Court concludes that it does have

1 Federal Court jurisdiction and that the Plaintiffs have
2 shown the necessity for the issuance of injunctive relief.
3 The Court will take the matter, though, under submission and
4 issue a written opinion. And the Court's opinion will
5 probably come out on June 3.

6 And I think that that timing is preferable to the
7 Court. I don't think that that's going to pose an
8 irreparable problem for you.

9 MR. NEIL: That does not, your Honor. Thank you.

10 THE COURT: And then I want to study the
11 issuance -- the amount of the bond. I'm not inclined to do
12 \$5 million. The purpose is not to -- is not on that. If
13 they're -- if they've met the requirements for the permits,
14 it's zoned vocational. No other firing range had to go
15 through a discretionary review process.

16 The Morena facility is closer to residential use
17 than this facility in Otay Mesa. I think that what's
18 happening here is more people take a look at the name
19 Blackwater, and then that just evokes on certain side one
20 set of feelings, on another side another set of feelings.
21 That's not the Court's review. The Court's review is purely
22 under the law.

23 MR. NEIL: Thank you.

24 THE COURT: And the Court has reviewed the
25 excellent papers by both sides and then ultimately has to

1 make the decision.

2 Then for purposes of a hearing, if the Court does
3 issue a temporary restraining order, then it expires within
4 10 days unless extended for good cause by the Court. So
5 probably I would hold a hearing if the parties are -- and I
6 would set then a briefing schedule for June 17th if that
7 will work with your schedules. Will that be sufficient?

8 MR. NEIL: Yes, your Honor.

9 MR. McGRATH: Your Honor, may we also have -- I've
10 been waiting because I wasn't sure of the outcome here.
11 Could we also have a hearing for a 12(b)(6) motion and a
12 request for you to abstain on that same day, which would be
13 ripe?

14 THE COURT: On -- abstention was not raised in
15 your papers under any --

16 MR. McGRATH: Well, no. I would like to bring
17 that motion that day.

18 THE COURT: Well, for a --

19 MR. NEIL: I think it's waived, your Honor.

20 THE COURT: For your 12(b)(6) motion on a motion
21 to dismiss, you have to call in for a hearing date.

22 MR. McGRATH: I just was here. I thought I'd ask.
23 And it's the 7th.

24 THE COURT: A motion to dismiss is 28 days notice.
25 So that's -- and so then you'll have to get in line on the

1 Court's calendar. On the abstention -- I'm going to give
2 you a briefing schedule in the written order for the
3 preliminary injunction.

4 MR. McGRATH: Okay. Your Honor, I maintain that
5 if you -- if you -- if we don't get a hearing to say you do
6 not have jurisdiction and you do issue whatever type of
7 injunction and you don't have jurisdiction, then I think I
8 have brought up the abstention issue, whether I like it or
9 not.

10 THE COURT: Well, I set a written briefing
11 schedule. There was no request for abstention under any
12 State Court abstention.

13 MR. McGRATH: Again, remember I had 24 hours to
14 brief. I did my best.

15 THE COURT: Or here today. And so --

16 MR. McGRATH: Are you saying that we've waived the
17 abstention issue?

18 THE COURT: I'm saying that it was not put in
19 writing in your written submissions.

20 MR. McGRATH: And we will do that on the day
21 when --

22 THE COURT: For a motion to dismiss, it's a 28-day
23 schedule for a motion to dismiss.

24 MR. McGRATH: And that -- it would be a motion to
25 dismiss and an abstention motion at the same time.

1 THE COURT: You may do that.

2 MR. McGRATH: That's what we'll do.

3 THE COURT: And then also on a preliminary -- so
4 the hearing -- the TRO extends for 10 days unless extended
5 for good cause by the Court. The Court -- if I issue it on
6 June 3, then the hearing would be -- or at least I would
7 extend it for good cause to June 17 at 10:00 o'clock. And I
8 was just checking to see if the parties are in town.

9 I'm not squeezing on a motion to dismiss because
10 that's a 28-day schedule. The 10-day schedule is set by
11 Rule 65, and the Federal Rules that require a hearing
12 with -- after the 10-day time. So --

13 MR. McGRATH: Well, could I ask for an order
14 shortening time now for that?

15 THE COURT: That requires it to be in writing, and
16 the Court would decline to put it on the same date.

17 MR. McGRATH: Thank you.

18 THE COURT: You may also, in your briefing
19 schedule on the preliminary injunction, raise any and all
20 appropriate defenses, including abstention.

21 MR. McGRATH: Thank you, your Honor.

22 MR. NEIL: Thank you, your Honor, for your time in
23 getting us in here on a Friday afternoon.

24 THE COURT: All right. Thank you.

25 MR. NEIL: This was great. Thank you.

1 THE COURT: However, the actual order will not go
2 out until June 3.

3 MR. NEIL: Understood. Thank you.

4 MR. NADOLLENCO: Thank you, your Honor.

5 THE COURT: Thank you.

6 THE CLERK: We're in recess.

7 (Proceedings concluded.)
